GROHE

DISPLAY FACTORY
SECONDARY DISPLAYS - DIY

SECONDARY DISPLAYS
GENERAL INFORMATION

What can I order from the Display Factory?

- Filled cardboard displays → ¼ Pallets and Counter Displays

- Product combinations of your choice

How to order from the Display Factory

- To start your first order in the Display-Factory just click: http://grohe2.hoehne-media.de/

- Make sure to book the order in **SAP** <u>and</u> in the **online-tool** properly

- Given that all **order details are correct** and the **requested products are available** the lead time is **5 weeks**

If you have further questions, please contact

Vanessa Wittmer

<u>E-Mail:</u> vanessa.wittmer@grohe.com
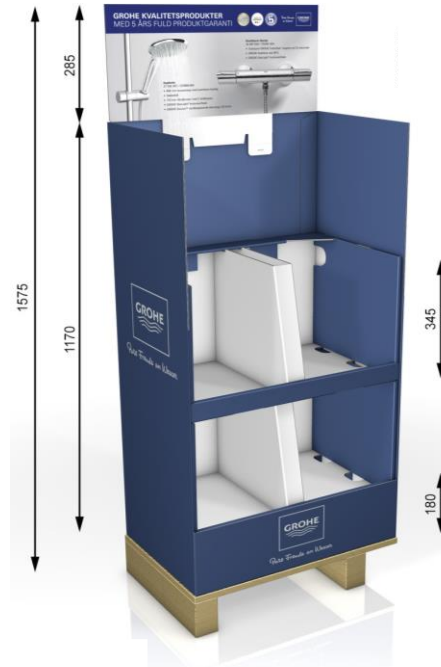

<u>Phone:</u> +49 (0) 2372 92 27043

The (four) display variants

Tray Displays

Universal Displays

2 Tray Display:

internal measurements per tray:
width 540 x depth 350 x height 336 mm

external measurements: width
576 x depth 369 x height 1170 mm

3 Tray Display

internal measurements per tray:
width 540 x depth 350 x height 336 mm

external measurements: width
576 x depth 369 x height 1170 mm

Universal Display

internal measurements:
width 578 x depth 376 x height 1167 mm

external measurements: width
588 x depth 386 x height 1170 mm

SECONDARY DISPLAYS
DISPLAY TYPES OVERVIEW

NEW CARDBOARD BOXES

8 Components for 4 versions

- One version fits all
- Numbers of trays are variable
- Higher flexibility
- Easier to build up
- Less items
- Campaign adopted side frames

- Clear rules/ guide lines for top sign creation:

| NEUTRAL | PRODUCT LAUNCH | STANDARD | PROMOTIONAL |

SECONDARY DISPLAYS
ORDERING PROCESS – ONLINE TOOL

NEW ONLINE TOOL

1. Enter using your credentials

2. A choice of filled Displays is ready for ordering. Just click on the images or use the text field above the list to run a quick search.

3. A new page pops up. Here you see all relevant information concerning your order. Please double check for correctness and click on 'FINISH ORDER'.
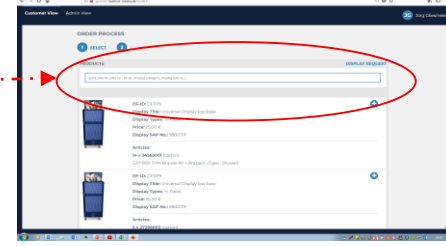

Please note that all Displays need to be orderes **5 weeks in advance**.
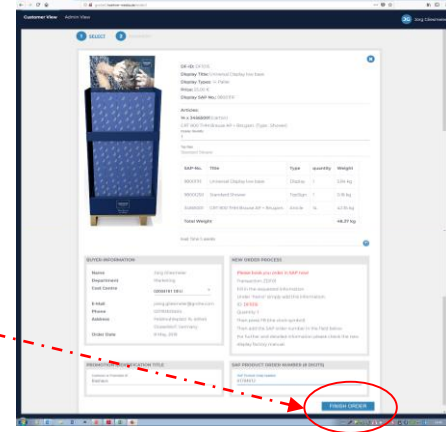

SECONDARY DISPLAYS
ORDERING PROCESS - SAP

- To ensure a successful delivery handling, please book all orders via SAP **(transaction code ZDF01)**.

- Make sure, though, to fulfill these criteria beforehand:

    o **Provide the Complete delivery tag** in the order header

    o **Don't combine orders**

    o **YD0A** – customized only for this display-factory purpose. This information has to be in the order header

    BEFORE the order positions are entered. Otherwise the handling time is not considered = a definite delay in

    delivery!

    → **Please note:** In case it is not possible to book via the transaction ZDF01, follow the instruction on page 35 & 36

8. SAP HANDLING

- The displays will only be built up, once required, i.e. once the delivery note is arranged for the finished products.

- YD0A ensures

    o tracking of a special area in our logistic centre,

    o consideration of longer handling times. (10 days max.)

- the delivery note indicates the date at which the goods are to be despatched.

- The order contains Grohe products (that will then be debited to the customer) plus the display material number without value.

- This display material number is reflected on order confirmation, packing list and delivery note – but not on the invoice

4. SAP HANDLING

Open ZDF01 and insert all necessary information.
Then, press F8 to save the order.

all items are added automatically.
When VA02 is open, it displays the new order.
